

Membership of the Delivering the Vision Group

Between 2021 and 2024 Children First set up a group of national and international leaders to help guide the development of Scotland's first Bairns Hoose. The group was called Delivering the Vision and met approximately every six months. Its aims were:

- To provide strategic legal, policy and practice expertise and advice on the establishment and implementation of the Barnahus model for Scotland.
- To support the partnership to deliver the first Barnahus in Scotland, known as Bairns Hoose.
- To ensure that the rights of children and families to recovery support and participation in all decision-making will be respected, protected and fulfilled throughout the care, protection and justice processes.
